

How can local contractors or businesses bid to provide services or materials as part of the construction project?

Local contractors or businesses who would like to provide construction services or materials as part of the construction process should contact Geoffrey Grimes at Struxture Architects in Waterloo, Iowa at 319-234-1515. Geoffrey can then explain the process interested parties can go through in order to check out plans or building specifications, as well as how to bid the service or material to a general contractor.
